Dear Sri Kapoor,

It gives me immense pleasure to record my appreciation for your erudite talk to police officers of Odisha on various aspects of wildlife law enforcement on 09.04.2015. As part of the core team of Traffic-INDIA, you sensitized cutting-edge level police officers about various provisions of Wildlife (Protection) Act and other related issues. The officers have given a feed-back that they were immensely benefitted by your talk which provided them an insight into various critical issues relating to wildlife law enforcement.

On behalf of Odisha Police, I extend my heart-felt thanks to you and look forward to similar interactions for professional benefit in future as well.

With best wishes,

Yours Sincerely
