Dear Sir,

It was a wonderful presentation which was full of the immediately related information for a normal human being. It is a value you are adding to the life of normal citizens of our city which is actually needed to face the new age of crime and work as vaccine to protect our self from them. I have few things to propose -

01. As related to company web site audit you mentioned, I will contact you on Oct 14, 2015 to fix up the appointment and do the needful. Please provide your cell number if you feel contacting on it will be helpful to fix the appointment.

02. I am a Regional Chairperson for Lions International (international NGO) local chapter and having interest to penetrate the cyber security among young children and citizens. If we can work together over it on any front then please guide us. Lastly I did a huge painting competition with ' world peace' as subject (Largest art lesson) which is also declared as '*Guinness world record*' with 15135 children participated in it (<http://www.guinnessworldrecords.com/world-records/largest-art-lesson>).

Warm Regards,
