Dear Shri Kapoor,

I would like to take this opportunity to congratulate you for the initiative, which you have undertaken to train the law enforcement agencies to handle, investigate and analyse the digital evidence.

Internet increasingly is becoming an integral part of our day-to-day lives and with the number of Internet users are increasing at a constant pace, it becomes imperative to ensure the hygiene as well as the well being of the netizens on the internet. To ensure this it is essential we should have Law enforcement officials who are well trained to handle any situation emerging because of the medium.

Though in the past there have been some efforts by some private organisations to train the law enforcement agencies, but considering the size of our law enforcement agencies they were not enough. It was needed that somebody from the Law enforcement agency only should take upon this job. It is commendable that you were able to take it upon yourself this daunting task and have been successful in doing so.

We at the association have also been involved in the training of the law enforcement agencies and will extend our complete support to you in this endeavor of yours.

Yours sincerely,
